

June '2015

Dear Bob,

Jacki and I thoroughly enjoyed our evening at the Italian Film Festival for the screening of "Piazza Petrucci, the Paradise."

We both came away with a far greater understanding of the challenges faced by the Italian-Canadian community during internment. And the significant impact on the families and their lives.

Your story is an important one and must be shared. The idea of sending a disc to the schools is an excellent idea and I might suggest you address it to the Head of the History Department in Secondary Schools in Ontario.

I wish you well. It was a pleasure meeting you and I hope our paths are crossed again.

Sincerely

Yvonne
